

Bush Pea

(*Thermopsis villosa*)

Photo: Alan Cressler

Sun Exposure: full sun to partial shade

Height: 3 - 5 ft.

Bloom Season: spring

Seed Season: summer

Wildlife: Attracts butterflies

Fun Facts: Although it is not a lupine, it does resemble one. The name *Thermopsis* comes from the Greek words *thermos*, 'lupine' and *opsis*, 'like'.

***NC Native**
